Case No: N/A

Free Child Safety Seat Clinic

The Beaverton Police Department would like to invite you to our next free child safety seat clinic on February 18th, 2017 from 9:00 a.m. to 12:00 p.m. No appointment is necessary so just drop by during the event. The last car will be accepted at 11:30 a.m. unless demand necessitates an earlier cut off time.

Because parents and caregivers have different levels of confidence when it comes to using and installing child safety seats this clinic has something for everyone. The 30 minute child safety seat check is intended to be an interactive learning experience from a certified technician so parents and caregivers can feel more comfortable installing and using their car seats.

Feeling confused and uneasy about your child safety seat? Stop by our clinic and we help you install your child safety seat in your vehicle and show you best practices in regards to its use. Even if you feel like a professional at installing and using child safety seats we encourage you to stop by our clinic and get your seats checked.

The Beaverton Police Department will be partnering with Safe Kids Coalition-Washington County and the Kuni Auto Center to bring you this free child safety seat clinic.

The clinic will be held at the Kuni Auto Center located at 3275 SW Cedar Hills Blvd. Beaverton OR, 97005.

As a parent, you are your kids' strongest influence when it comes to modeling safe driving practices, including buckling up every time you get in the car. Teach your family that safety is the responsibility of all passengers as well as the driver.
