Extra 420 DUII Patrols

On April 20th, 2018, also known as 420 day, Beaverton Police Department will have dedicated DUII enforcement officers on the streets.

Officers who are certified as Drug Recognition Experts will also be available to assist in processing people arrested for a drug related DUII. Drug recognition experts are certified to recognize the signs and symptoms that all seven drug categories have on the human body.

Buzzed driving, whether alcohol or drugs, is drunk driving. Beaverton Police Department urges people who use intoxicating substances to find a sober ride home.
