NEWS RELEASE

Officer Jeremy Shaw
Public Information Officer
(503) 969-6502

Released: January 5, 2019
Case No: N/A

Average BAC in January Alcohol DUIs was .165%

The Beaverton Police Department is participating in a yearlong National Traffic Safety Campaign again in 2019. The focus of this campaign is taking impaired drivers off our streets, keeping Beaverton a safe city to travel and live.

Officers were out on targeted patrols for impaired drivers during the month of January and made 23 DUI arrests. During the month of February, officers will continue their efforts to take impaired drivers off the streets of our no refusal city. This High Visibility Enforcement (HVE) detail was paid for by grant funds. Out of the 23 arrests, 1 person refused to take a breath test and a warrant for a blood draw was granted. Out of the people who were arrested for an alcohol related DUI and provided a breath sample, the average blood alcohol content in their blood was .165%.

5 Of the 23 DUI drivers in January crashed their car prior to being arrested. 15 Intoxicated drivers, which included the 5 traffic crashes, were found by citizens calling the police and 8 intoxicated drivers were found by our patrol officers performing self-initiated activity.

Drunk driving, impaired driving or buzzed driving all have the potential to claim lives and often will result in jail time. The men and women of the Beaverton Police Department ask you to please use a designated driver or find another sober ride home.
