

Beaverton Police Department

6125 SW Hall Blvd.
Beaverton, OR 97008

Chief Ronda Groshong

NEWS RELEASE

Officer Matt Henderson
Public Information Officer
(503) 969-6502

Released: August 2, 2022
Case No: N/A

Average BAC for July Alcohol DUIIs was .14%

The Beaverton Police Department is participating in a yearlong National Traffic Safety Campaign. The focus of this campaign is taking impaired drivers off our streets and keeping Beaverton a safe city to travel and live.

Officers participated in targeted patrols for impaired drivers during the month of July and made 33 DUII arrests. In August, and throughout the rest of 2022, officers will continue their efforts to take impaired drivers off the streets of our no-refusal city. This High Visibility Enforcement (HVE) detail was paid for by grant funds from Oregon Impact and ODOT.

Of the 33 DUII arrests, 13 drivers refused to take a breath test and a warrant for their blood draw was granted. The average blood alcohol content (BAC) for alcohol related DUIIs where a breath sample was provided was .14%.

The highest DUII BAC in March was .24% and the lowest BAC was .03%. There were 9 drivers who had a BAC of .15% or higher. Of those 9 drivers, 1 had a BAC of .20% or higher.

Drunk driving, impaired driving, or buzzed driving all have the potential to claim lives. The men and women of the Beaverton Police Department urge you to please use a designated driver or find another sober ride home.
