BIAS-BASED POLICING REPORT

Introduction

The Beaverton Police Department recognizes the importance of maintaining strong ties with all community members. According to the *IACP National Policy Summit on Community-Police Relations: Advancing a Culture of Cohesion and Community Trust* report published in January 2015, “Strong communication is critical to building relationships with the community. Transparency in all areas is key. Open, accessible reporting of statistics, arrest information, and any other law enforcement data is expected, even when the information provided does not paint the best picture. Internally, education and training should consistently promote community inclusion at all levels and ranks. Open communication tells the community that there is nothing to hide.” The completion of this report is one effort to ensure open and transparent communication with our community.

This report provides statistical data regarding disparate treatment complaints between 2018 and 2024, a summary of 2024 training efforts, traffic STOP data for 2024, excerpts of Beaverton Police Department policies which provide guidance on these matters, and other activities the police department was involved in to help build better relationships with our communities and become more transparent in our activities.

The Beaverton Police Department Mission Statement is:

To protect with courage. To serve with compassion. To lead with integrity.

The Beaverton Police Department Vision Statement is:

The Beaverton Police Department will provide a safe city, serving community members with compassion and respect. We are fully invested in leading our profession with integrity, building, and retaining a highly trained, well equipped, progressive, motivated, and cohesive team. We will strive to be recognized and respected as a leading agency in the law enforcement community.

The Beaverton Police Department Core Values are:

Altruism — We will continue our deliberate pursuit of unselfish and compassionate concern for the welfare of others.

Courage — We will have the strength to respond to situations when it is difficult or risky.

Integrity — Our actions will be moral, ethical, legal, and consistent.

BIAS-BASED POLICING REPORT

Collection of officer-initiated stop data

The Beaverton Police Department participates with the State of Oregon Criminal Justice Commission in a program known as Statistical Transparency of Policing, or “STOP” to comply with the data collection requirements of the law that went into effect July 1, 2018.

Additionally, 2017 House Bill 2355 (later codified as ORS 131.935) amends existing law for what an agency provides to the Law Enforcement Contacts Policy and Data Review Committee (LECC) relating to profiling complaints. In addition to providing copies of profiling complaints to LECC, agencies are required to provide an annual summary of each complaint on a standardized profiling complaint report form to be created by the Department of State Police. The Beaverton Police Department submitted annual reports to the LECC since 2018.

2021 OREGON LEGISLATIVE UPDATES

During the 2021 legislative session many bills were passed that direct police agencies and other state agencies to make changes in training, documentation, and oversight of police officer activities. The Beaverton Police Department incorporated the following legislative changes into policy and training as required:

Senate Bill 418 – Juvenile Custody – States officers cannot intentionally use false information to elicit a statement from a juvenile.

House Bill 2929 – Duty to Intervene – Requires police to intervene if observing another officer engaging in misconduct.

House Bill 2932 – Use of Force Reports – Requires police agencies to participate in FBI’s National Use of Force data collection system.

House Bill 3145 – Misconduct Records – Requires agencies to report within 10 days to the Oregon Department of Public Safety Standards and Training if an officer is suspended or faces any disciplinary economic sanctions.

BIAS-BASED POLICING REPORT

BEAVERTON POLICE DEPARTMENT POLICY 401 ADDRESSES BIAS-BASED POLICING:

401 BIAS-BASED POLICING

401.1.1 BIAS-BASED POLICING DEFINITION

An inappropriate reliance on characteristics such as race, ethnicity, color, national origin, language, religion, sex, sexual orientation, gender identity or expression, economic status, homelessness, age, cultural group, disability, political affiliation or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes profiling as defined by ORS 131.915.

401.2 POLICY

The Beaverton Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural, or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

401.4.1 REASON FOR CONTACT

Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC AND PEDESTRIAN STOPS

BIAS-BASED POLICING REPORT

Each time an officer makes an officer-initiated traffic or pedestrian stop, the officer shall record the required stop data in the method and manner prescribed by the Oregon Criminal Justice Commission (OCJC) ORS 131.935, including:

- (a) The reason for the stop or other contact.
- (b) The officer's perception of the race, color or national origin of the individual involved in the contact.
- (c) The individual's gender.
- (d) The individual's age.
- (e) Whether a search was conducted in connection with the contact and, if so, what resulted from the search.
- (f) The disposition of the enforcement action, if any, resulting from the contact.
- (g) Additional data as recommended by the Law Enforcement Contacts Policy and Data Review Committee (LECC).

401.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

BEAVERTON POLICE DEPARTMENT POLICY 1010 ADDRESSES COMPLAINT PROCEDURES:

All complaints are taken seriously. Complaints that are relatively minor may be handled at the supervisory level in an informal manner through counseling or coaching with the involved employee. When a complaint is of a serious nature, the Professional Standards Division will conduct a formal investigation. In the case of any complaint of disparate treatment, no matter the circumstance, the complaint is always formally investigated by the Professional Standards Division. Complainants in any formal investigation will be contacted with the resolution of the complaint. Specific personnel actions are confidential matters and generally not publicly disclosed.

1010.2 POLICY

The Beaverton Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state, and local law, municipal and county rules, and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1010.3 PERSONNEL COMPLAINTS

BIAS-BASED POLICING REPORT

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state, or local law, policy, or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state, or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Department.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the division manager is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member. Informal complaints need not be documented on a personnel complaint form. The responsible supervisor shall have the discretion to handle the complaint in any manner consistent with this policy.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Division, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Division, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1010.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.
- c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- e) Tort claims and lawsuits may generate a personnel complaint.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1010.4.1 ACCEPTANCE

BIAS-BASED POLICING REPORT

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall handle and/or document the complaint as appropriate.

1010.5 DOCUMENTATION AND AUDITS

Supervisors shall ensure all formal complaints are documented on a Professional Standards complaint form. The supervisor shall ensure the nature of the complaint is defined as clearly as possible. All complaints and inquiries should also be documented in the Professional Standards database. On an annual basis, complaints entered into the Professional Standards database should be audited and an audit report sent to the Chief of Police or authorized designee.

1010.5.1 COMPLAINANT NOTIFICATION

Upon receipt of the complaint, reasonable effort shall be made by the investigator to contact the complainant (e.g., telephone, e-mail, or letter). Information shall be documented whether or not contact was made. Once the investigation is complete, the Professional Standards Division shall notify the complainant of the investigation's findings.

1010.5.2 COMPLAINTS ALLEGING PROFILING

Complaints related to profiling should be clearly marked "Disparate Treatment" to assist in reporting as required in the Bias-Based Policing Policy (ORS 131.920).

TRAFFIC STATISTICAL TRANSPARENCY OF POLICING (STOP) DATA

Beaverton Police Department policy requires that each time an officer makes a traffic stop, the officer shall report:

- (a) The reason for the stop or other contact.
- (b) The officer's perception of the race, color or national origin of the individual involved in the contact.
- (c) The individual's gender.
- (d) The individual's age (adult/juvenile).
- (e) Whether a search was conducted in connection with the contact, and, if so, what resulted from the search.
- (f) The disposition of the enforcement action, if any, resulting from the contact.
- (g) Additional data as recommended by the Law Enforcement Contacts Policy and Data Review.

Although data is often compared to census data for the City of Beaverton, the demographics of the motoring public is arguably different than the residential demographics of the City of Beaverton. The City of Beaverton estimates the daytime population of the city is about 148,000 people compared to Beaverton's 2024 estimated population of 96,945.

With regards to the census data in the below tables, the American Community Survey data used is based on the "Race alone or in combination with one or more other races" and "Hispanic or Latino (of any race)" for communities of color to be inclusive to all who identify as a member of those communities. For data about the white community, the "not Hispanic or Latino-white alone" numbers are used. Because the Census Bureau records Hispanic/Latino in a separate category from other races, reporting it here alongside other communities creates some minor overlap in total population numbers; however, these are currently the most representative data available for this comparison.

2024 BIAS-BASED POLICING REPORT

In 2019, 2020, 2021, 2022, 2023 and 2024 the Beaverton Police Department was not referred to the Oregon Department of Public Safety Standards and Training (DPSST) for further in-depth analysis or technical assistance based on STOPS program data.

The full STOPS reports can be accessed through the Oregon Criminal Justice Commission website at: www.oregon.gov/CJC/stop/Pages/default.aspx.
